

Reading Connections Expectations

Mrs. Ceraolo 2016-2017

You will develop specific reading and writing strategies that will help you improve your comprehension, fluency, and written communication. These skills are needed for current and future success at school, on the job, and in daily life.

1. Be Respectful!

- Respect your teachers, peers, and yourself to earn respect in return.
- Reading class is a secure place; only helpful and kind words are permitted.
- Respect our reading classroom; please take care of the things you use in our room.

2. Be Present, Prompt, and Prepared!

- Turn off your phone and place it in the “Phone Home” until you leave class.
- Make sure you’re in your seat and on task when the class starts.
- Please bring a pencil, your chrome book, and headphones (or ear buds) daily.

3. Be Organized!

- Use your assignment book to record all assignments.
- Remember to put your booklets in the appropriate box at the end of class.

4. Be Responsible!

- If absent, it’s your responsibility to obtain and complete all assignments promptly. See me during advisory for make up work and check my website at cmsceraolo.weebly.com or **Google Classroom** for the day’s agenda, notes, and class videos.
- Do not damage or lose classroom books. (You’ll have to replace them.)
- If you do poorly on an assignment, see me ASAP to get additional help and a second chance.
- Not sure about an assignment? Ask me or email christine.ceraolo@chardonschools.org.

5. Be Neat!

- I can’t grade it if I can’t read it. Illegible work must be redone.

6. Be Positive & Honest!

- The only way to improve your reading skills is to do your own work – put forth your best!
- Zeros are given to students who do not do their own work or share their work with others.

7. Be Informed!

- Check out my website at cmsceraolo.weebly.com and join **Remind & Google Classroom!**
- Invite your parents to join **Remind & Google Classroom!**
- Follow me on twitter [@cmsceraolo!](https://twitter.com/cmsceraolo)
